REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or fairly suggest the claimed invention as a whole including an intake manifold installed to a side surface of the cylinder head and outwardly curved to define a space between the intake manifold and the cylinder head, a blow-by gas recirculation system for feeding blow-by gas introduced out of the cylinder head cover to each cylinder of the engine main body through an intake system, the blow-by gas recirculation system including a blow-by gas piping which extends from the cylinder head cover to the intake ports for the cylinders, the blow-by gas piping being accommodated with the space defined between the intake manifold and the cylinder head, in the context of an internal combustion engine comprising an engine main body including a cylinder head having take ports and a cylinder head cover, and fuel injector valves disposed to be directed respectively to the intake ports.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marguerite J. McMahon whose telephone number is 703-308-1956. The examiner can normally be reached on flex.
